Dear Lee,

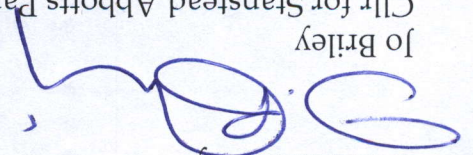

I wanted to take this opportunity to thank you so much for all your hard work on Saturday at our Festival. The Festival is annual event where all the local people, businesses and charities get involved and donate time and money towards making it successful.

Your experience was vast and equipment was amazing. The sound quality was superb for everyone who performed, ranging from the children singing to Taiko drummers to musicians. Everyone who performed commented on your professionalism and the sound quality which for them was the most important thing.

You completely understood what was required and were extremely dedicated being there early to set up and being the last to leave.

Again I can not thank you enough for everything you did for us on Saturday, I would take great pleasure in recommending you to anyone looking for a professional and dedicated sound engineer.

Yours faithfully

Jo Briley

Cllr for Stanstead Abbots Parish Council
